前端美化.md 2023/3/9

# lottie

#### lottie官网 AE lottieFiles插件安装

```
import lottie from 'lottie-web'

const lottieAnimation = lottie.loadAnimation({
   container: lottieRef.value,
   renderer: 'svg',
   loop: true,
   autoplay: true,
   animationData: redJson
})
lottieAnimation.play()
```

# svga

#### svga官网 AE SVGAConverter插件安装

```
import SVGA from 'svgaplayerweb'

const player = new SVGA.Player('#svga')
const parser = new SVGA.Parser('#svga')
parser.load('/red.svga', function (videoItem) {
   player.setVideoItem(videoItem)
   player.startAnimation()
})
```

# pag

### pag官网 PAG安装 vue使用demo

#### 在 public 文件夹下添加libpag.wasm

```
import { PAGInit } from 'libpag';
PAGInit().then((PAG) => {
  const url = '/red.pag';
  fetch(url)
    .then((response) => response.blob())
    .then(async (blob) => {
     const file = new window.File([blob], url.replace(/(.*\/)*([^.]+)/i, '$2'));
     const pagFile = await PAG.PAGFile.load(file);
```

前端美化.md 2023/3/9

```
const pagView = await PAG.PAGView.init(pagFile, '#pag');
  pagView.setRepeatCount(0);
 await pagView.play();
});
```
